

THEME: MAGNETS

MYSTERY BAG

MAGNET (USE TRAIN OR FRIDGE MAGNET IF NO STAND ALONE MAGNET)

• MAGNETIC ITEMS: PENNIES. PAPERCLIPS, OTHER MAGNETS OR MAGNETIC TOYS, CUTLERY ETC.

• NON-MAGNETIC ITEMS: PAPER, STONES, LEAVES, PLASTIC, WOOD, ETC.

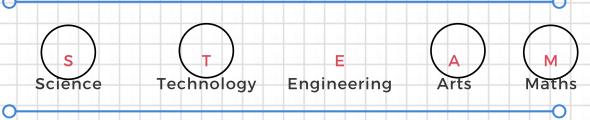

PLASTIC PLATE AND PAINT

EXPLORATION

THEME: MAGNETS

Questions/Ideas:

Magnetic vs Non Magnetic: Do you think this will stick to the magnet? Why do you think that? Let's test it.

Magnet Strength: How many paperclips can this magnet attract? Let's count. Do you think this other magnet is stronger or not as strong? Will it attract more or fewer/less paperclips? Let's test them and compare.

Pirate Treasure Hunt: What is going to happen to the treasure when we move our magnet over the sand? What kinds of things will our magnet pick up? Why?

Mazes/Painting: Can we move our magnetic item through the maze/through the paint? How do we make the item move?

What is happening? What other items could we use on our maze/painting?

Learning:

<u>Science</u>: magnetism, strength of magnets, making predictions based on properties of objects

<u>Technology</u>: using magnets as a tool for exploration

Art: painting with magnets, colour mixing

Maths: sorting objects, counting, more/fewer/less

Fine Motor: moving magnets to move objects
