## Appendix: Live Virtual Classes Parent Contract

1. I consent for my child to attend the Inventors & Makers online class. I understand that the class has policies and procedures (which are available for reference on their website), and that there are expectations and obligations relating both to the class and to myself and my child, and I agree to abide by them.
2. I understand that during the class I remain legally responsible for my child.
3. I will pay promptly for all booked sessions whether my child attends or not (eg due to illness or holidays), unless I have made other arrangements with the class leader.
4. It is my responsibility to keep the class leader informed of any alterations to the information provided about my child.
5. I understand that my child should remain fully clothed at all times during the workshop.
6. I understand that during the class my child will appear on video screen to other class participants and the class leader. Class participants are monitored closely upon joining and throughout the class to ensure only pre-booked children are attending. Additionally, participants do not have the ability to record classes directly through Zoom. We request all participants leave their screen on so we can monitor who has access to the images.
7. I understand that Inventors & Makers will enable Waiting Rooms on all classes and passwords in some classes and will only admit participants who are on the class register. Screen sharing and private messaging between participants will be disabled in all classes.
8. Classes may be recorded for our records, but these will be stored securely and not shared with other parents where children's images are shown.
9. Whilst Inventors & Makers tries to ensure the safety and security of items, I understand that it cannot be held responsible for loss or damage to my child's property whilst taking part in the class.
10. I understand that I need to remain nearby to supervise my child during the class. It will be my responsibility to ensure my child is focused on the tasks and behaving appropriately.
11. I understand that Inventors & Makers is not responsible for my child's internet use during the class. Class leaders will remind children not to give out any personal information online or in any internet based apps but I understand that class leaders cannot be held responsible for information that children put online as they are unable to closely monitor a child's technology use remotely.
12. Where children are asked to move around or take part in any activities during the class, I understand that I will be responsible for ensuring they do so safely and Inventors & Makers will not be held responsible for any injuries that occur.

13. I consent to Inventors & Makers adding me to a Whatsapp group for communication prior to ongoing private classes. I understand I can leave this group at any point.
14. Information held by Inventors & Makers regarding my child will be treated as confidential. However, in certain circumstances, for example if there are child protection concerns, I understand that the class has a legal duty to pass certain information on to other agencies, including Police, Social Care and health care professionals.
15. I understand that aggressive and abusive behaviour towards staff will not be tolerated.
